ADVENTURER CLUB BASIC STAFF TRAINING CERTIFICATION

Guiding youthful lives toward eternal life is the most important work given to mankind. You hold in your hands that responsibility, so plan your program well.

Make it a balanced program with emphasis on spiritual, physical, mental and social. A plan needs to be outlined and followed with care. Good programming is one of the most important factors in the successful operation of an Adventurer Club.

A program with broad objectives should first be developed for the year, then for the quarter or trimester, and then for the weekly or bimonthly meeting.

The Adventurer Club staff is responsible for planning the program. The director chairs the planning meetings. Suggestions should be welcomed from all sources. It is realistic to make the Adventurer year parallel the school term.

Ellen White's counsel to church administrators could also be applied to Adventurer leaders: "There must be far more personal responsibility, far more thinking and planning, far more mental power brought into the labor put forth for the Master"

(Testimonies to Ministers, p. 498).

"God's work is perfect as a whole because it is perfect in every part, however minute: . . . If we desire to be perfect, even as our Father in heaven is perfect, we must be faithful in doing little things. That which is worth doing at all is worth doing well"

(Messages to Young People, pp. 144, 145).
